The Grande Seconde Skelet-One Tourbillon aesthetic architecture is as technical as it is unique. For Only Watch, Jaquet Droz put to work its Ateliers 'Art as well, in order to produce a highly exclusive plique-à-jour dial, made especially for the famous charity sale. The composition is not formed of a single piece of enamel; rather it is made up of cells of different colors and types. These cells are separated by gold cloisons. With no metal backing, the composition is a standalone piece similar to a stained glass window. Every piece of enamel has been painstakingly selected for the model and fired at a high temperature several times in a row before the ultimate polishing step. After requires a rare dexterity in order to control the risks of breaking the metal. The tourbillon cage follows the geometry of the skeleton movement, a triple cross shape which, once a minute, aligns perfectly with its bridges.

LAQUET DROZ

Konstantin Chaykin presents the Martian Tourbillon Only Watch 2021 Piece Unique, the first wristwatch from the Russian creator to have a tourbillon, and the world's first Martian tourbillon, making a revolution every 61.65 seconds – the duration of one Mars minute – partially reducing the effects of Mars' gravity. The hand-wound Calibre K.22-0 has been developed from scratch. At its heart is a Martian tourbillon with an "alpha" carriage, as used in all of Konstantin Chaykin's tourbillons. For this watch, Konstantin Chaykin created a unique skeletonised dial with Joker-indication, the face of the Joker-Martian, with the world's first Martian calendar device, working based on the algorithms of Thomas Gangale's calendar system. The trademark smile of this new Wristmon is used as a representation of the Martian month, consisting of 28 sols, with the sol numeral markers made with symbols of the Martian numbering system that Konstantin Chaykin invented specially for this watch.

MODEL NAME Only Watch 2021 Piece Unique
REFERENCE K.22-0
MOVEMENT Hand-wound Calibre K.22-0
FUNCTIONS Tourbillon, Martian calendar, Joker-indication
CASE Skeletonised dial, stainless steel
DIAL Skeletonised dial, stainless steel

CHRISTIE'S

6 ноября в женевском Ралехро, под патронатом принца Монако Альберта II и в его присутствии, прошел девятый благотворительный аукцион Only Watch. За три часа торгов было собрано 30 млн франков – меньше, чем в 2019-м, но все же, согласитесь, не плохо! Яркие моменты продажи вы сможете заново пережить в нашей

фотогалерее, а о том, как проходил аукцион, читайте в нашей [заметке](#). Все фото – © Nasha Gazeta
